LAST NIGHT'S REPORT.

WASHINGTON, May 14.—The Virginia Knights Templars have officially seceded from the Grand Encampment of the United States.

A detachment of Regulars and Volunteers have just left the City for Baltimore. They will join troops under Gen. Butler.

It is rumored that the whole of the Sixth Massachusetts Regiment will move to the Relay House to-night.

The Tenth Regiment of New Jersey Volunteers have just marched to the Arsenal. It is supposed that they are under orders to proceed to Alexandria.

Senator Kennedy, of Baltimore, published in the *Intelligencer* to-day an able and eloquent appeal to the people of Maryland, entreating them to remain loyal to the Government, and join their fortunes with the North in the impending struggle.

BALTIMORE, May 14.—The Federal troops are now fully established at Federal Hill.

A schooner was seized with a number of pikes manufactured by Winans, and had also a lot of Minie rifles on board.

BANGOR, Me., 14.—The Second Regiment of Maine Volunteers left on the cars to-day.

WASHINGTON, May 14.—The Second Connecticut Regiment, 900 men, arrived here to-day.

HARRISBURG, Pa., May 14.—It is understood that Governors Curtin and Lennison pledged to the Union men of Western Virginia, the entire support of all the forces of Pennsylvania and Ohio, to protect them against the secessionists. Illinois and Indiana pledged to the Union men in Kentucky and Missouri the same.

The Governors of all the Free States from Pennsylvania west have asked, and have obtained a pledge from Mr. Lincoln, that no compromise or cessation of the war shall take place until the national flag floats over all of the national property.

PHILADELPHIA, May 14.—Robert, a son of ex-President Tyler, has resigned his office in the Supreme Court of Pennsylvania, and has left this city.

HALIFAX, May 14.—Great Britain.—In the House of Commons, Mr. Ervatt asked whether, seeing the possibility of privateering being permitted and encouraged by the Southern Confederacy, the American Government have placed a sufficient naval force in the Gulf of Mexico for the protection of British property in American ships; and if privateers sailing under the flag of unrecognized powers would be dealt with as privateers.

Lord John Russell said that Her Majesty's Government have directed that a naval force for the protection of British shipping be sent to the coast of America. The government had read accounts of the progress of the war in the United States of America. The government heard the other day that the Southern Confederacy had issued letters of marque, and that it was intended by

the U. S. Government that there should be a blockade of all the Southern ports. There were some points of law on these questions, and they have been referred to the law officers of the Crown for their opinion, in order to guard in its instructions to the ministers in America and the commandant of the naval squadron, the Government has felt that it was its duty to use every possible means to avoid taking part in this lamentable contest. Nothing but the imperative duty of protecting the British interests in the case, if they are attacked justifies the Government in interfering at all. We have not been involved in any way in that contest by any act, or by giving advice in the matter, and for God's sake, let us, if possible keep out of it.

The betrothal of Princess Alice to Prince Louis of Hesse, had been formally announced by ministers in both Houses.

The London Times says the excitement in the Northern and Southern States of America has had not been paralleled since the early days of the French Revolution.

The underwriters asked higher rates of insurance on British vessels from American ports, say 20 a 25 from New Orleans, 10 a 15 from New York, and 1 a 2 per cent extra is demanded of American vessels from India, China, &c. War risks on American vessels detained in Southern ports have advanced from five to ten guineas.

The London Globe says that it was rumored that M. Thiers who wrote the recent pamphlet published by the Duc d'Aumale, The Archbishop of Tours in a letter to the Minister of Justice says, that the temporal power of the Pope is abolished. The Catholic world will hold Louis Napoleon responsible for it. The Paris bourse was firm at 69fr a 15c.

St. Louis, May 14.—Accounts from Jefferson City say the militia from the surrounding towns and counties continue to arrive. There are many of them mounted, and all armed very differently. Ex-Gov. Steiwegel Price has been appointed Maj. General of the State forces and now has command of the troops in Jefferson City. Orders were issued by him yesterday that any attack by soldiers or mobs on property of citizens or sojourners without authority will be promptly inquired into and the offenders hung under the martial law, if offense amount to loss of life or property. The Northern Methodist Church was stoned Sunday night, by a crowd of drunken men, and windows smashed. Men of the Southern Church immediately made up subscription to repair damages, and expressed their disapproval. Gov. Jackson has given orders to repair the osage bridge on Pacific R. R. Officers of Gen. Frost's brigade return thanks to the officers of the U. S. regular service for their kind attention and courtesy during their confinement in the arsenal. The U. S. Volunteers have been removed from the Pacific and Northern Mo. R. R.

New York, May 14.—Special to the Post:—No change will be made in command of the fleet off Pensacola. It is regarded as not improbable that the Federal forces will march from Wheeling to Martinsburgh, Va., to attack Harper's Ferry in the rear.

Special to Express:—Orders have gone from the War Department directing Gen. Wool to assume command of Fortress Monroe.

The Providence Bank will take \$500,000 of the loan next week.

Boston, May 14.—In the Senate to-day a bill was introduced authorizing the Governor to form one or more companies, to consist of 5,000 men, who are to be enlisted for three years and who are to be governed by the United States military law. These troops are to be liable to draft on the requisition of the general Government.

Baltimore, May 14.—The correspondent of the American accompanied the members of the Legislature to Harper's Ferry. He says the Virginians have strongly fortified the Maryland heights overlooking Harper's Ferry, and are

very confident, and evidently have no intention of evacuating their position. On Sunday 7,000 stand of Minie muskets and 12 cannon arrived. Twenty more were expected the same night. A bitter feeling prevails in Washington county against the Virginians, and a collision is considered probable. Winans was cordially received by the Virginians. The Legislature has adjourned till the 4th of June.

New York, May 14.—The steamships Kangaroo and Arago have arrived. News anticipated.

Washington, May 14.—The following is the number of infantry regiments to be received from each State for a total increase of 75 regiments of three years. Volunteers under the recent determinations of the Government. New York 11, Pennsylvania 10, Ohio 9, Illinois 8, Indiana 4, Mass. 5, Missouri 5, Kentucky 2, Wisconsin 3, Michigan 3, Iowa 2, N. J. 2, Virginia 2, Maryland, Maine, Connecticut, New Hampshire, Rhode Island, Delaware, Kansas, Nebraska, and the district of Columbia, 1 regiment each. The other regiments, viz the cavalry is not assigned. The general government is doing what it can through the commissary and quarter master general, officers to take proper care of the volunteers and contingents of States as they arrive, but it will always be prudent on the part of the States to have in Washington or on the route in advance of the troops a member of the State general staff to provide for contingencies, and see that the troops are properly cared for.

Baltimore, May 14.—Gen Butler issued proclamation, saying the troops have to enforce and uphold the laws.

Harrisburg, May 14.—Western Virginians say that part will certainly form a separate State, and will include 45 counties.

All Ohio valley supplies cut off from Virginia. 2,000 western Virginia troops have been sworn into the U. S. Service.

Washington, May 14.—Government accepted two regiments for three months and one for three years from Kansas.

Post Master General to-day annulled mail contracts between St. Louis and Memphis, owing to the forcible stoppage of steamers which conveyed them.

Wheeling, May 14.—Convention re-assembled at 7 o'clock. Mr. Porter from the committee on State and Federal relations, submitted report which embodied substantially resolutions submitted by Wheat, and provides for Convention in case the act of secession be sustained. Carlisle moved to re-commit with instructions to report ordinance of separation and constitutional form of government for the State of New Virginia. He supported his motion by an able speech, to which Wiley replied, but had not concluded at adjournment.

Last week Van Amburg, the lion tamer, while on his way to Easton, Talbot county, Eastern Shore, Maryland, with his show, was intercepted by an express rider, sent on by a friend, who notified him that the rebels had laid plans to seize his horses, of which he had 120, shoot his wild animals, and send him adrift. He immediately turned about, and by traveling 48 miles in one day, got safely into Pennsylvania with all his property. Van now advertises that he will give \$3,000 to any one who will take Jeff. Davis alive, pledging himself, if he gets him in his keeping, to furnish him with a bran new cage and take him thro' the country on exhibition as a traitor, whose turpitude is second only to that of Judas Iscariot.—*New York Tribune.*
